The Alaska Technical and Vocational Education Program (TVEP), established under AS 23.15.830, provides non-competitive grants to institutions that are part of a statewide vocational training system. Per AS 23.15.835(d), the revenue collected under this program is to be distributed to the institutions outlined in the statute per the statutory formula. Currently these appropriations are included in the numbers section of the budget bill. This means that they cannot be adjusted if actual revenue to the program exceeds or falls short of projected revenue without a supplemental budget adjustment.

Changing the TVEP distribution from numbers to an estimated to be language appropriation would ensure that if actual revenue comes in higher than anticipated the department can distribute the additional funding timely, without the delays that would otherwise occur if contingent on passage of a supplemental

The Alaska Department of Labor and Workforce Development (DOLWD) will serve as the lead agency role in supporting the Trust's efforts to advance health workforce data systems in Alaska and to develop tools and analyses to better understand and monitor workforce issues relevant to Trust beneficiaries. Health workforce-related shortages threaten the health and well-being of Trust beneficiaries and all Alaskans. In the past, the Trust has worked with partner agencies to produce a biannual health care workforce profile and needs assessment. While continuing efforts to establish capacity within the DOLWD to produce regular and current workforce data analysis, the prime focus of this project will emphasize the development of data analytics and annual Trust-related analysis and report. The goal of developing this capacity is to provide a continuous picture of Alaska's health care workforce and support the identification of priority areas for intervention from the workforce development system.

This increment reverses the FY2023 total in the Second Injury Fund.												
When House Bill 79 was passed, the Second Injury Fund (SIF) provided a fiscal note stating that the fund could reduce expenditure authority for grants and benefits over a five-year period until the expenditure authorization was zeroed. After further review, the fiscal note did not take into consideration that 95 percent of SIF claims are for permanent total disability, meaning the claim will be paid for the life of the claimant. It will likely take decades for the fund liabilities to be absolved, so expenditure authority is required.

Certified Payroll fees are collected from contractors in Alaska under AS 36.05.045. The fee is equal to one percent of the contractor's contract price, not to exceed \$5.0 from the primary contractor. In FY2021, the department reviewed these fees and determined that they should be classified as general fund program receipts (GFPR) under AS 37.05.146(a) to directly support Wage & Hour operations.

In the previous three fiscal years, the division has collected more than \$1,900.0 in GFPR but only has authority to expend approximately \$1,400.0, which has left

The Alaska Safety Advisory Council (ASAC) is responsible for organizing and hosting the Governor's Safety and Health Conference. This is an annual event that was canceled in FY2021 and held virtually in FY2022. The conference in FY2023 will be the first in-person event since the pandemic and it is estimated to bring a total of 305 attendees, speakers, vendors, and volunteers.												
In FY2024, ASAC would like to host an additional 150 attendees, which will bring the participant count to an estimated 455 people. In order to support a gathering of that size, ASAC needs additional statutorily designated program receipt authority to expend the revenue it collects. Funding for the conference comes from vendor fees and private sponsorships.

The Alaska Vocational Technical Center (AVTEC) is funded primarily through program receipts (GFPR) from student tuition and fees, and general fund support from the state. It has been the desire of AVTEC, the legislature, and multiple administrations that AVTEC be a self-sustaining operation. Since FY2015, GFPR authority has increased by \$929.6 to allow for the opportunity for increased revenue collection from students, and general fund support has decreased by \$1,414.4. The increase in GFPR revenue collection did not materialize and has remained relatively flat since FY2015.												
Due to an increase in cost for instructors and materials, AVTEC has been operating in a deficit and is expected to continue to do so without an increase in revenue. For AVTEC to meet current obligations, either an increase in general funds or an increase in tuition and fees students pay is necessary. A fund source swap of \$320.0 of GFPR for general funds will allow AVTEC to operate without having to increase the cost to students.

The Alaska Technical and Vocational Education Program (TVEP), established under AS 23.15.830, provides non-competitive grants to institutions that are part of a statewide vocational training system. Per AS 23.15.835(d), the revenue collected under this program is to be distributed to the institutions outlined in the statute per the statutory formula. Currently these appropriations are included in the numbers section of the budget bill. This means that they cannot be adjusted if actual revenue to the program exceeds or falls short of projected revenue without a supplemental budget adjustment.

Changing the TVEP distribution from numbers to an estimated to be language appropriation would ensure that if actual revenue comes in higher than anticipated the department can distribute the additional funding timely, without the delays that would otherwise occur if contingent on passage of a supplemental budget.

Sec. XX. TECHNICAL AND VOCATIONAL EDUCATION PROGRAM. (a) The amount of Alaska Technical and Vocational Education Program (AS 23.15.830) revenue available for distribution in fiscal year ending June 30, 2024, estimated to be \$13,919,000, is appropriated in the following percentages and estimated amounts to the following institutions for the fiscal year ending June 30, 2024:

#### AGENCY AND PROGRAM APPROPRIATION AMOUNT
